

## The Secret Early Launch is Live!

As promised, your exclusive early launch is now live! I wanted to do something special for you, [my wonderful book family](#), since you're the ones who have been with me since the very beginning. I hope this goes some small way toward expressing my gratitude for your early support.

### Where?

### Buy direct for a personal touch!

Buying directly from me is **A)** the best way to support me monetarily, and **B)** how you get exclusive early access to special goodies, and **C)** how you get a signed and numbered\* copy!

[Take me to the Secret Store!](#)

### What?

**For two days only...**

- **50% off the eBook and 20% off the paperback, only in the secret store.**
- **Extra, discounted goodies only in the secret store**, including a luxury keepsake bookmark and a digital wallpaper collection.

The eBook is available as a direct download in either EPUB or PDF format. All direct purchases of physical goods will be lovingly packaged and come with two free stickers, and of course, all paperbacks will be signed and numbered\*!

## **For How Long?**

**My public launch is still Sunday 1st March, so these deals will only last until that morning!** At that point, the secret store will also be no more, and my Mercantile will go live on my website instead for everyone to see.

If you're dedicated to a particular retailer, you can also pre-order the book like normal, albeit at full price. (I recommend Bookshop.org so you can support independent bookstores.) For a growing list of all retailers for paperback and eBook, click [here!](#)

Remember, I will always be grateful for however you choose to support me, so please pick the method that works best for you!

Grab your discounted goodies while you can, and **don't forget to add me to your TBR and let me know what you think!** I love hearing live reactions. Most of all, though, enjoy your journey into Ícalar if you haven't embarked on it already!

I'll be in touch again when the public launch is live, and I hope you'll celebrate with me!

With love and gratitude,

*Tamara S. Harber*

Want to do a little extra to support me?  
Just \$5, even in this economy, still manages to Buy Me A Coffee!

*\*Only the first fifty paperbacks bought directly from me will be numbered. However, if you buy your copy elsewhere, you can always visit the Secret Store to grab a signed ex libris bookplate sticker!*

“...an ambitious and richly imagined fantasy...”

“...an excellent read and a superb debut. It’s the kind of book that reminds you of the joys of classic fantasy, with its intricate storytelling, memorable characters, and a world that lingers in your mind long after you’ve turned the final page.”

“I was hooked on Chapter 1.”

“...riveting...”

“...unforgettable...”

“If I had to give this book a one-word review, that word would be “WOW”.”

“A gripping, immersive beginning...”

“...once inside its pages, it’s easy to forget the real world exists at all.”

“...a fantastic, amazing, and dark debut...”

“...I think any fantasy reader would happily lose themselves in the world of Ícalar.”

“This dark fantasy coils around you like a living shadow, blending ancient culture and deeply human fear into a story that feels both epic and intimate.

...a dark undertone of dread, whispered prophecies and moral decay slowly sinking its claws in deeper as mysteries are unravelled into disturbing truths.”

“This book is truly for the avid fantasy fan.”

“...intricate...”

“...unique...”

“...you truly feel like you’ve been transported into a different world.”
